BAR TABLE MULTI STRETCH THROW

TABLE THROWS

PRODUCT CODE: BARTHRW-MULTI

INDOOR USE

PRODUCT DESCRIPTION

Give your folding cocktail table a clean, professional look with the Bar Table Multi Stretch Throw. Designed to fit 32” diameter × 44” H round folding cocktail tables, also commonly known as belly bar tables in the trade show and event industry, this fitted table throw transforms a standard cocktail table into a sleek, branded display. Its elevated height makes it ideal for trade shows, networking events, receptions, hospitality spaces, and promotional displays.

The graphic is dye-sublimation printed on our Multi Stretch fabric, delivering vibrant, full-color graphics with excellent stretch and flexibility. The form-fitting material conforms closely to the round tabletop and folding leg structure, creating a smooth, tailored appearance. Its five-panel sewn construction features one round top panel and four fitted body panels, with sewn-in rubber foot pads at the bottom corners to help secure the throw to the table legs and maintain tension throughout use.
