HARDWARE PRODUCTION

- All EZ Tube Connect Return Wall hardware is made to order and produced in house at our PFC location
- We are able to produce tube frames in house with 30mm, 34mm, and 43mm diameter tubing
- Our production process includes:
 - Tube cutting
 - 90° tube bending
 - Tube reducing/swaging (for tube connection)
 - Drilling/punching (for accessories and spring buttons)
 - Chamfering (cleaning up tube edges after cutting)
- Custom sizing and configurations are available. Contact us for a custom quote.

EZ TUBE CONNECT RETURN WALL

Enhance your EZ Tube Connect display with the EZ Tube Connect Return Wall, a versatile 90° addition designed to complement existing frames. Constructed with the same durable 34mm diameter tubing as the standard EZ Tube Connect frames, this return wall provides a seamless extension for your display. Key features include:

- **Dual-Sided Compatibility:** Attach to the left or right side of your display with included dual connection feet.
- **High/Low Stepped Design:** Offers ample space for eye-catching graphics and impactful messaging.
- **Tool-Free Assembly:** Easy to setup and connect without the need for tools.
- **Customizable Graphics:** Display vibrant dye sublimated stretch fabric graphics with pillowcase-style finishing and a secure #10 zipper closure. Choose between single-sided or double-sided graphics. Single-sided options feature a choice of black or white back fabric with matching zipper color.

Each EZ Tube Connect Return Wall includes a convenient travel bag for portability. Supporting frames are sold separately. Recommended for indoor use only. Elevate your display's functionality and impact with the EZ Tube Connect Return Wall.

The image shows a 90-degree EZ Tube Connect Return Wall. The left side is a yellow fabric panel with a white topographic map pattern and two circular logos that say "OUTDOOR ADVENTURE" with a mountain and moon graphic. The right side is a dark blue fabric panel with a photograph of a blue backpack with a rolled-up mat on top, sitting on a rocky mountain peak. The wall is supported by two white feet.
