PRODUCT DESCRIPTION

Introducing our EZ Tube Tube Headboards – the ultimate solution for mattress stores seeking a seamless blend of elegance and practicality. Crafted with precision from high-quality 30mm silver anodized aluminum tubing, these Headboards are not only sleek but also incredibly easy to assemble, thanks to their convenient push spring button connection.

Our EZ Tube Tube Headboards come in a range of sizes to accommodate all your mattress needs, including twin, full, queen, California king, and king sizes.

The standout feature of our EZ Tube Headboards is the striking dye-sublimated fabric graphics that adorn them. Designed to leave a lasting impression, these graphics are available in both double-sided and single-sided options, allowing you to choose the perfect display style for your store.

For single-sided graphics, you have the choice of either a clean white or a dramatic black back fabric, ensuring that your Headboards seamlessly integrate with your store's decor. The graphics are meticulously finished pillowcase-style, with a zipper closure at the bottom for effortless installation and maintenance.

Customization is key, and our EZ Tube Headboards offer flexibility when it comes to graphic heights. Graphics are available in two heights: 37" and 57", and the graphic hardware is adjustable to accommodate each of these heights. This means you can tailor the Headboards to suit the specific needs of your store, creating visually stunning displays that draw customers in. Plus, each EZ Tube Tube Headboard comes with two feet for added stability, ensuring they remain securely in place as they showcase your mattresses.

Enhance your mattress store's displays with our EZ Tube Tube Headboards. With their elegant silver anodized aluminum construction, captivating graphics, and versatile customization options, these Headboards are the perfect choice for presenting your mattresses in the best possible light.
