

# MAMBA FLAGPOLE SET UP INSTRUCTIONS

## SET UP INSTRUCTIONS

- Flag poles are numbered for easy assembly. Follow guide above for assembly order  
(Note: Medium flagpole can convert to Large and X-Large size by adding additional pole #3's)
- Connect all flag poles except the L Arm at the top
- Insert tip of flagpole into the black pocket trim on the side of the flag and push it all the way to the end of the pocket
- Insert the L Arm through the top black pocket trim and then insert the base of the L Arm into the end of the flag pole
- Secure flag by lacing the bungee through the grommets on the pocket trim and tethering it to the hook at the base of the pole.
- Insert pole into desired base to display flag.

Poles 1a and 1b will be included with all Mamba Flagpole Graphic Package and Hardware only orders to convert flag pole for use with Falcon and Sunbird shape flags.

### Spike Base

Insert the pointed end of the spike base into the ground. Insert the post with rubber grommets into the opening on bottom of the flagpole to display flag.

### X-Base

Unfold legs and insert the post with rubber grommets into the opening on bottom of the flagpole to display flag. A water bag can be added for added stability.
