

GOPHER POP UP DELUXE

COUNTERS
PRODUCT CODE: GPOP-DLX

PRODUCT DESCRIPTION

Introducing the Gopher Pop Up Counter Deluxe, the latest innovation in the Gopher Pop Up Counter family. This deluxe version takes convenience and functionality to the next level, featuring an advanced electronic motor that effortlessly sets up and collapses the counter with the push of a button. Simply plug in the power cord, press the button, and watch as the motorized counter pops up in seconds. When your event concludes, press the button again to collapse the frame, unplug, and store it in the included travel bag.

The travel bag is designed with a top handle for easy transport, and a foam insert to keep your counter secure and protected during storage and transit. The Deluxe version also boasts built-in LED lighting that backlights custom dye-sublimated fabric graphics, enhancing your brand's visibility and impact. Thanks to the SEG (Silicone Edge Graphic) finishing, installing or removing graphics is a breeze. Just collapse the frame, press the silicone beading into the channels on the bottom and top panels, and then place the counter upright.

For added convenience, the countertop includes 1 standard USB and 1 USB-C charging port, ensuring easy access to power during your events. Elevate your display experience with the Gopher Pop Up Counter Deluxe, where style meets effortless functionality.

DISPLAY DIMENSIONS	39"W x 39.4"H x 20.7"D 39"W x 5.25"H x 20.7"D (Collapsed)
--------------------	--

GRAPHIC MATERIAL

Dye Sublimated Backlit Multi Stretch Fabric

GRAPHIC FINISHING

The left and right sides of the graphic are sewn together to create a continuous loop, featuring a single vertical seam centered on the back of the counter. A special 6mm x 3.5mm silicone beading is sewn along the top and bottom circumference of the graphic for secure installation.

DISPLAY CONSTRUCTION

Countertop Material: ABS Plastic
Top and Bottom Counter: ABS Plastic
Counter Supports: Aluminum and steel components.
