PRODUCT DESCRIPTION

Create an impressive entrance for indoor trade shows, exhibitions, and promotional events with the Origami SEG Truss Archway A. This modular display system features a durable truss-style frame that combines a professional, industrial appearance with the convenience of tool-free assembly. Its lightweight, modular design allows for easy setup, breakdown, transportation, and storage, making it ideal for repeated use at events.

The archway features SEG (Silicone Edge Graphics) that fit securely into the frame for a clean, seamless presentation. Custom-printed graphics on the vertical columns and overhead display provide excellent branding opportunities, helping businesses attract attention and create an inviting entrance.

Designed for versatility, the Origami SEG Truss Archway A offers a professional display solution that can be assembled without tools. Its modular construction makes it a practical choice for exhibitors seeking a reusable, visually striking entrance for a variety of event environments.
