

SHOWBIRD 65 MODULAR LIGHTBOX VERTICAL STRUT

SHOWBIRD 65 MODULAR LIGHTBOX
PRODUCT CODE: SB65-VSTRUT

PRODUCT DESCRIPTION
Replacement Vertical Profile for 200x240 and Wider Frames
The Showbird 65 Modular Lightbox Vertical Strut is a genuine replacement vertical support profile designed for use with Showbird 65 200x240mm and wider frame configurations. Built to match the structural and visual integrity of your original frame, this component helps restore stability and alignment to your modular lightbox system.
Ideal for replacing lost or damaged vertical supports, this strut maintains compatibility with Showbird 65's tool-free assembly system and integrates seamlessly with both new and existing frames.
Whether you're refreshing worn parts or completing a replacement kit, the Showbird 65 Vertical Strut helps keep your modular lightbox looking sharp and standing strong.
