

SEGO CONFIGURATION L

SEGO MODULAR LIGHTBOX DISPLAY
PRODUCT CODE: SEGO-L-20X10

PRODUCT DESCRIPTION

Elevate your exhibit presence with the SEGO Configuration L, a dynamic modular lightbox booth that creates a striking visual impact. Featuring the innovative SEGO H Connector, this configuration allows for an offset and elevated inline display, ensuring a unique and attention-grabbing presentation.

Designed for effortless setup, the SEGO Configuration L boasts tool-free frame assembly and connection, streamlining installation for exhibitors. The system supports custom dye-sublimated fabric graphics with Silicone Edge Graphic (SEG) finishing, ensuring vibrant visuals and seamless graphic integration. Easy-to-install SEG graphics allow for quick updates and hassle-free removal.

With padded travel bags included for safe storage and transport, the SEGO modular system is built for versatility. Each frame can be used individually, and the configuration can be easily reconfigured to adapt to evolving display needs. Custom configurations are available, providing flexibility for any brand or event space.

Make a bold statement with the SEGO Configuration L—where modular innovation meets high-impact design.

Please check your tradeshow guidelines to make sure this configuration conforms to the show regulations. If adjustments to the configuration are required to meet the show requirements

DISPLAY DIMENSIONS	236.22"W x 132.375"H x 39.4"D
--------------------	-------------------------------

GRAPHIC MATERIAL

Dye Sub Backlit Fabric

GRAPHIC FINISHING

Silicone beading sewn onto edge of graphic

DISPLAY CONSTRUCTION

12mm x 3mm silicone beading is sewn around the perimeter of the fabric graphic. Silicone beading is hidden from view once installed.
