

SEGO® HANGING POLE FOR SHELF KIT

SEGO MODULAR LIGHTBOX DISPLAY

PRODUCT CODE: SEGO-HP

PRODUCT DESCRIPTION

The SEGO® Hanging Pole for Shelf Kit is a versatile accessory designed to attach beneath the SEGO® Shelf, enabling you to conveniently hang and display lightweight merchandise, promotional materials, or apparel directly from the bottom of the shelf. This innovative add-on enhances the functionality of your SEGO® Modular Lightbox Display by adding an additional merchandising area without compromising the illuminated graphics or clean lines of the display.

Key Features:

Accessory for SEGO® Shelf: Specifically designed to mount under the SEGO® Shelf (shelf and SEGO® frame sold separately) to extend display possibilities.

Perfect for Hanging Merchandise: Ideal for hanging items such as clothing, signage, accessories, or samples for easy browsing and interaction.

Durable Metal Construction: Sturdy metal pole offers reliable support for lightweight hanging displays.

Easy Installation: Attaches securely to the underside of the SEGO® Shelf with a simple tool-free process.

Minimalist Aesthetic: Complements the sleek, modern look of the SEGO® Modular Lightbox system without visual clutter.

Applications:

Perfect for retail environments, trade shows, pop-up shops, and exhibits where additional product display or hanging space is needed while maintaining a streamlined, illuminated presentation.

Note: SEGO® Shelf and SEGO® frames are not included—this product is the hanging pole accessory for use with the optional SEGO® Shelf.

CONNECTOR CONSTRUCTION

Aluminum Bracket
