

SEGO® + QSEG TOP/BOTTOM L CONNECTOR

SEGO MODULAR LIGHTBOX DISPLAY
PRODUCT CODE: SEGO-QSEG-LTBASE-CON

PRODUCT DESCRIPTION

The SEGO® + QSEG Top/Bottom L Connector is a specialized connector designed to seamlessly join SEGO Modular Lightbox frames with QSEG Fabric Frames at a 90-degree angle. This connector allows for top or bottom corner connections, enabling users to create L-shaped corner configurations for booths, retail displays, or backdrops.

Key Features and Functionality

90-Degree Connection

The connector links two frames perpendicularly, creating a sturdy and aligned corner without compromising the sleek SEG (Silicone Edge Graphic) aesthetic.

Compatible with SEGO & QSEG Profiles

Designed specifically to integrate the SEGO backlit lightbox frames and the QSEG non-illuminated fabric frames together, supporting hybrid booth designs with both illuminated and standard sections.

CONNECTOR CONSTRUCTION

Aluminum
