

SEGO TV STAND

SEGO MODULAR LIGHTBOX DISPLAY

PRODUCT CODE: SEGO-TV-STAND

*TV NOT INCLUDED

PRODUCT DESCRIPTION

Bring style, strength, and functionality to your setup with the SEGO TV Stand — a versatile mounting solution designed for both professional trade shows and everyday environments.

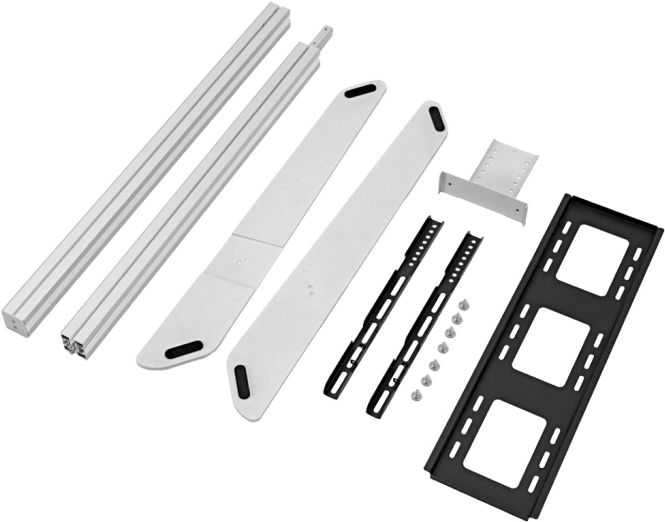

Key Features

- **Robust Construction:** Built from premium-grade steel and heavy-duty materials, the SEGO TV Stand provides excellent stability and durability, capable of supporting a wide range of flat-screen displays.
- **Universal Compatibility:** Works with multiple TV sizes and VESA mounting patterns, making it a flexible choice for many applications.
- **Trade Show Ready:** Can be positioned behind backwalls or modular displays to seamlessly integrate a monitor into your booth design. For this setup, graphics will need to be cut by the end user so the mounting arm can pass through.
- **Adjustable Arm Depth:** The mounting arm features length adjustability, accommodating displays of varying thicknesses for a secure, professional fit. Compatible with extrusion and tube frames with 40mm to 120mm wide profiles.
- **Cable Management System:** Keep wires organized and hidden with integrated routing channels for a clean, polished look.
- **Modern, Sleek Aesthetic:** Minimalist design complements both home entertainment and professional display environments.
- **Easy Assembly:** Includes straightforward instructions and all hardware — no specialized tools required.
- **Stable Footprint:** Engineered for maximum balance and tipping resistance, ensuring peace of mind in high-traffic areas.

Why Choose the SEGO TV Stand?

Whether in a living room, a media lounge, or a bustling trade show floor, the SEGO TV Stand offers reliable performance and professional presentation. From enhancing your booth with an integrated monitor to creating a sleek home entertainment setup, this stand delivers confidence, security, and style.
